

Partnership for Awareness invites you to a virtual event:

Understanding Adolescent Substance Use

Monday, October 25, 2021 from 7 – 8:15 pm (PST)

Presented by the Children's Hospital Los Angeles 

Adolescent and Young Adult Medicine Substance Use Prevention and Treatment Program

Substance use is a concern for all, especially when youth are engaged in this behavior. We know there are several reasons why youth may use and that can be difficult for parents/caregivers to know what to do about it. We'll discuss substance use trends among youth, what to look out for, and effective ways to approach the subject with youth. We'll also share resources where to go for help.
